Sunday, September 10th – Rally Day!!

MY GIFT MATTERS

God doesn't care how much we give. His desire is that every Christian give whatever he or she can. When we work together to build up the Church, even the smallest gift is important. Not all of us are rich, talented in music, or good at other difficult things. But we all have a purpose in the church when we give back some of what God has blessed us with. God doesn't care if our gift is large or small, because He will use every gift for some good. Whether there are people who need clothing, food, prayers, money to pay bills or to hear the Good News about Jesus, our gifts large and small really do matter.

Starting in September, each Kids Communities classroom will have a “Church of Small Change” a wooden church where children can put their spare change in that will help fund various youth activities.

“Small Change Helps in a Big Way!”
